About us

SANGHARSH is a philanthropic intentional association effectively working in Delhi Since December 2013. Sangharsh is a ISO CERTIFIED NGO enlisted in Delhi under the Registrar of Indian Act 1882 on December 24, 2013. We are working in Delhi/NCR. We propelled this association to work for the welfare of monetarily in reverse Poor children's, youngsters and ladies, giving them free training, free legal assistance and engage them in sports. We Have effectively take an interest in Swachh Bharat Abhiyan and Environment Protection, redevelopment of ghetto and J.J. Group territories in all over Delhi & NCR also we have tie up with Bhagat hospital, venkateshwar hospital & Manipal hospital for Free Medical camps For Poor And Needy People.

Our Organization finds uneducated Poor children's, youth and ladies from the encompassing ghettos, who are generally searching for daily source of income from cleaning in the rich houses in the neighbouring luxurious provinces. We Have helped more than unending penniless individuals and gave them free prescriptions as endorsed by the specialists by leading free wellbeing exam Medical camp and legal assistance once in a month. We as of now have tied up with Bhagat emergency clinic to plant more trees all over Delhi & NCR For Environment Production .

Objectives

Educational Development of All

Upliftment educational program for the needy & poor strata of the society

Health Care

We offer free medicine for the weaker people in the section in Camp

Empowering Child & Women

Values to life

Our Programs

HEALTH CARE

Health is more precious than wealth. The Sangharsh has been set up to meet the needs of patients where the staff can properly treat the patient. We have home service that comes to you at the right time, at the right spot of your choice. We also offer free medicine for the weaker people in the section. We provide a team of dedicated practitioners who are committed to good care for senior citizens and young children. Offer medical assistance and treatment to poor and vulnerable doctors. Install new public bathrooms with better facilities and help maintain existing public bathrooms.

CHILD AND WOMEN EMPOWERMENT

Educate women for their rights and responsibilities towards themselves and the country.

We encourage people to save children, to promote social justice, employment and gender equality. The fundamental right of all women and girls to live free of violence. This right is enshrined in humanitarian and international human rights law. Moreover, it lies at the heart to end Violence against Women campaign.

We provide family counseling facilities, referral programs to women victims of domestic conflict, provide day care, supplemental meals, physical activity, pre-school education for children under 6 years of age whose mothers work and program for adult education, etc.

EDUCATION

- To establish, administer, take over or manage and maintain schools for providing children higher education by obtaining approval and confirmation from the departments of education.
- Identifying and meeting the educational needs of vulnerable slum and street children.
- To arrange and manage vocational training institutions.
- To organize Social Awareness Programs, Lectures, Essay competitions, Exhibitions, Symposiums and Seminars.
- Establishment of a new computer center to provide free computer and stationary classes and to provide free tuition classes for different competitive exams.

ENVIRONMENT PROTECTION

Save our world, lift people out of poverty, promote economic growth. Such fights are one and the same. They need to connect the dots between climate change, water scarcity, oil crises, global health, food safety and equality for women. Solutions to one problem have to be solutions for everyone. Promote Sapling Planting, Protect trees and water value.

Food and shelter for extending birds and animals.

Undertake projects for social forestry, provide plant storage facilities with nursery assistance and expand assistance to seasonal birds and animals. We should all pride ourselves on protecting our natural environment and normally keeping it safe.

Recent Causes

FREE LEGAL CONSULTANCY FOR CHILD & WOMEN EMPOWERMENT

Our professional staff will be equipped to provide employment, housing, healthcare and crime programs. To women empowerment and justice will be given due importance which contributes to the upliftment and development of the oppressed section of society. Touching hearts. To raise hearts. Life changing. These actions embody the essence of programs Women Empowerment. We aspire to make a real difference in "improving the lives of women, children and the neighborhoods we work in." We aim to recruit attorneys and psychologists who can provide the best kind of guidance and expertise to make our people courageous and resilient citizens.

SPONSOR A CHILD TODAY

You are asked to sponsor our children who are helped by the conflict, nobody can fight, poor hungry children manage food, clothing, medicines and education, etc. There may be the needy people living in the local huts in Jhungo, the struggle wants to run a small school for the younger kids, they can be in any local huts in Jhangui etc. Children's units for formal school education are planned according to their age and carefully organized lessons are organized after the planning; proper management of the food for the small children in the school and the health of the school children is fully taken care of, along with them, entertainment is organized in children's sport jumps etc.

SPONSOR FOR FOOD/FOOD FOR ALL'S

Food is one of humanity's basic needs, for humanity needs food to survive. Through today's sangharsh, we introduced a system for those people of the community whose name is "Health for all's," whereby government should provide all the people of the country with low-cost health and free meals will be given to people of poor class. This system is the societies for all men. Second, those people who live alone can't make food, work, visas, postgraduate students etc. The supply of low-cost food will be made available to the society in order to provide improved service to the people.

SPONSOR AN OLD AGE /CHILD HOME

One of the sangharsh's goals is to open the new old age home and the boy, and we need government & yours support for this mission, so that the sangharsh can be effective in this sangharsh. The sangharsh of our old age home and children are those old men and the destitute children are expelled from the house by the person who is completely alone, the elder ones and the children.

The sangharsh old men live in their old age homes and men Want to provide children with all the comforts that people get in their households, such as healthy food, good education, a good lifestyle, daily exercise, sports facilities, etc. So the elderly women and men deviated from society can get support to live life and fight you Want to say Let's all join us in this campaign to help the sangharsh build a good home for the homeless in society so that the sangharsh can achieve its success as soon as possible.

Donations

Since 2013 the trust is working mainly for needy students and women from underprivileged sections of the society, irrespective of caste, creed & religion. The trust is running its activities, without any financial support from Govt. right from its inception. This we could do only because of continuous financial support from philanthropic persons like you. We are very much thankful to you for your support and encouragement. The trust takes care that maximum amount is spent on the main objects and we can assure you that every rupee received from you is used properly.
